# Arpit Tyagi

*Full Stack Developer | Front-End & JavaScript Engineer | B.Tech CSE Student*

+919997393838 arpittyagi445@gmail.com LinkedIn GitHub Meerut, India

## PROFESSIONAL SUMMARY

Full stack developer with a Computer Science background, pursuing a B.Tech in CSE, building front-end and full-stack applications with **JavaScript**, **React**, and **Node.js**. Active open-source contributor with experience on multi-person projects, submitting pull requests and collaborating with maintainers on new codebases. Comfortable writing clearly in documentation and PRs, with ongoing independent research into **AI/ML** integration (RAG, LLM APIs) alongside core full-stack development.

## WORK EXPERIENCES

**Open Source Contributor** | Internship — May 2026 - Present

*GirlScript Summer of Code (GSSoC) 2026* — *Remote • Remote, India*

- Contributed to open-source, multi-person projects as a selected GSSoC 2026 participant, submitting pull requests involving bug fixes, feature enhancements, and documentation improvements.
- Worked in new, unfamiliar codebases, quickly understanding existing architecture and conventions before making changes.
- Collaborated with project maintainers and mentors in a distributed environment, responding to code review feedback and iterating on pull requests.
- Practiced writing clearly through detailed PR descriptions, commit messages, and contributions to project documentation.

***Technologies / Skills Used :*** *React, Tailwind CSS, Express, Git, GitHub*

## PROJECTS

**Mobile Store Purchase Predictor** | GitHub △ Vercel

*Web Developer*

- Engineered a 1,500-record, 9-feature customer dataset and ran EDA (correlation heatmaps, boxplots) to surface key drivers of purchase behavior.
- Trained and benchmarked Logistic Regression vs. Random Forest on an 80/20 split, reaching 74.7% ROC-AUC and 75.3% F1-score; auto-selected the best model.
- Deployed the model as a zero-backend web app (Vercel) delivering real-time predictions across 9 inputs with live feature-contribution breakdowns.

***Technologies / Tools Used :*** *Python, Numpy, pandas, Scikit Learn, html, css, JS*

**Local Store Website** | GitHub Vercel

*Web Developer*

- Built a **5+** section responsive front-end business website using **HTML**, **CSS**, and **JavaScript**.
- Implemented WhatsApp enquiry integration to streamline customer communication without a backend.
- Optimized layout and performance across desktop, tablet, and mobile screens.

***Technologies / Tools Used :*** *HTML, CSS, JavaScript, React*

**Virtual AI & AR Art Gallery** | GitHub Vercel

*Web Developer*

- Built a **3-module React** application featuring a virtual gallery, an AI-inspired image generator, and a browser-based AR viewer.
- Integrated **2** third-party libraries (**AR.js** & **A-Frame**) to enable browser-based augmented reality.
- Developed **10+** reusable **React** components for a modular, maintainable front-end codebase.

***Technologies / Tools Used :*** *React, Tailwind CSS*

## SKILLS

| | |
|---|---|
| **Databases :** | MongoDB, PostgreSQL, MySQL |
| **Frameworks & Libraries :** | React, Next.js, Tailwind CSS, GSAP, AR.js, A-Frame |
| **Languages :** | English, Hindi, German |
| **Programming Languages :** | JavaScript, TypeScript, Python, C++, Java, SQL, HTML, CSS |
| **Soft Skills :** | Open-source contributions, pull request review workflows, technical documentation, Data Structures & Algorithms |
| **Tools & Platforms :** | Git, GitHub, Docker, Kubernetes |

## EDUCATIONS

**Bharat Institute of Technology, Meerut** | Meerut, India — 2023 - 2027

*B.Tech* — *CGPA : 7.01*

- Ranked among top-performing students through consistent academic performance and technical learning.

**KL International School, Meerut** | Meerut, India — 2019 - 2022

*Intermediate & High School*

- Intermediate: 84.6% (Top 5% of college)
- Class 10: 90.2%

## CERTIFICATIONS

- Foundational knowledge of **AI**, **Machine Learning**, neural networks, and responsible AI practices.

## AWARDS & ACHIEVEMENTS

- Regularly solve DSA problems on LeetCode to strengthen algorithmic thinking.
